Dycom Industries Website Content Audit Summary and Findings

Dycom Industries Content Audit

1. Executive Summary

Scope

This audit covers **28 Dycom Industries website URLs**.

The purpose of this audit is to create a current-state inventory of Dycom Industries' website content across page content, purpose, audiences, structure, depth, content families, shared information, resources, media, forms, legal/policy material, content relationships, and observable issues.

It provides a factual baseline for what exists today, where content overlaps or varies, and which inconsistencies or anomalies may need attention in future content planning, governance, or migration work.

This is a **current-state content audit only**. It does not make forward-looking design, content-modeling, migration, or implementation decisions.

---

3. Major Content Families Observed

The audited content clusters into eight major families, led by Services, Corporate/About, Legal/Policy, and Careers/Employee Experience, with smaller groups for resources, contact, system confirmations, and other review items.

The section summarizes how the 28 pages are distributed by function and scope, from service capabilities and corporate identity to employee resources, compliance content, and transactional pages.

Major Content Family	Number of Audited Pages	Current Content Scope
Corporate / About	5	Organization, company network, corporate identity, safety and sustainability

Services	8	Service overview plus seven detailed service areas
Careers / Employee Experience	4	Recruitment, benefits, culture and candidate guidance
Legal / Policy	5	Privacy, website terms, procurement terms and benefits disclosures
Resources / Documents	2	Employee handbook and safety-related documents
Contact	1	General inquiry/contact experience
System / Confirmation	2	Subscription and preference confirmation
Other / Review	1	Subsidiaries page

📋 4. Page-Level Content Audit

This table summarizes the **current-state content audit of 28 Dycom Industries website pages**, capturing what each page contains, who it serves, how it is structured, and what media, forms, resources, facts, and shared content are present.

It provides a page-by-page view of the website so readers can understand the current content landscape, identify recurring patterns, and note key observations before making future content-modeling or CMS decisions.

Major Content Family	Page / Content Area	URL	Purpose	Primary Audience	Main Content / Topics	Content Structure / Characteristics	Key Categories / Subsections / Capabilities	Media / Embedded Content	Forms / Interactive Elements	Downloads / Resources	Facts / Statistics / Dates	Repeated / Shared Content	Current-State Observations

Corporate / About	**Homepage**	`/`	Provides a high-level introduction to Dycom Industries and directs visitors into major areas of the website.	Broad audience including potential customers, candidates, investors, employees and general corporate visitors.	Corporate positioning; company description; What We Do messaging; Safety; People; Our Reach; links to major site sections; corporate statistics.	Combines corporate messaging, brand content, company facts, navigation and promotional content.	What We Do; Safety; People; Our Reach.	Images and visual promotional content.	Links/navigation into major areas of the site.	None specifically identified.	Refers to **over 20,000 employees**.	“Connection with Intention”-related Safety, People and Our Reach messaging appears elsewhere.	Corporate facts and promotional messaging are repeated across several other pages.

Corporate / About	**About Us**	`/about-us/`	Provides detailed information about Dycomas an organization.	General corporate visitors, customers, candidates, investors and other stakeholders.	Company introduction; vision; mission; corporate values; company scale; operating-company information; Connection with Intention content.	Multiple distinct content sections rather than one continuous article.	Vision; Mission; six organizational values; Safety; People; Our Reach.	Video and imagery.	Internal links to related corporate content.	None specifically identified.	Refers to **approximately 40 operating companies**.	Corporate values; Safety; People; Our Reach; Connection with Intention.	Operating-company count differs from the 41-company figure appearing on the Companies page.

Corporate / About	**Companies**	`/about-us/companies/`	Explains Dycom's network of operating companies and nationwide presence.	Customers, corporate visitors, candidates and stakeholders interested in Dycom's operating network.	Operating-company introduction; nationwide company presence; workforce information; company network information.	Corporate overview supported by company-scale statistics and related promotional content.	Operating companies; nationwide reach; Safety; People; Our Reach.	Supporting imagery/visual content.	Links related to company/network information.	None specifically identified.	**41 independent operating companies**; **more than 20,000 employees**.	Connection with Intention; Safety; People; Our Reach.	Operating-company figure differs from “approximately 40” on About Us.
Corporate / About	**Safety**	`/about-us/saf`	Provides detailed informati	Employees, candidates,	Safety philosophy; safe	One of the longest and	Multiple safety program	Supporting page imag	Links to safety-related	Safety-related resource	No single headline stati	Safety messaging is also	Considerably greater

👥 5 Repeated Content and Shared Messaging

This table highlights **content, messaging, and functionality that recur across multiple areas of the Dycom website**, such as Safety, People, Corporate Values, Job Search, Talent Network, and Investor links.

Recurring Content	Areas Where Observed	Nature of Repetition
Connection with Intention	Corporate and service content	Recurring corporate promotional section
Safety	Corporate, sustainability and service areas	Appears as both a dedicated topic and supporting theme
People	Corporate, sustainability, service and careers-related areas	Recurring people/workforce messaging
Our Reach	Corporate and service areas	Company scale/geographic reach messaging

Corporate Values	About Us; Life @ Dycom	Corporate identity and culture contexts
Job Search	Careers Home; Benefits/career areas	Repeated candidate-access functionality
Talent Network	Careers Home; Benefits; Life @ Dycom	Repeated career-engagement messaging/functionality
Investor links	Both system confirmation pages	Financials & Filings; Governance; Shareholder Services

---

📊 6. Corporate Facts and Statistics

This table captures the **key corporate facts and quantitative information currently presented across the reviewed Dycom pages**, including employee counts, operating-company counts, and field-office totals.

Data Point	Page	Current Wording / Value
Employee count	Homepage	Over **20,000 employees**
Employee count	Companies	More than **20,000 employees**
Employee count	Benefits	Over **21,000 employees**
Employee count	Life @ Dycom	More than **21,000 employees**
Operating companies	About Us	Approximately **40 operating companies**
Operating companies	Companies	**41 independent operating companies**
Field offices	Benefits	More than **500 field offices**

The values above are recorded exactly as represented within the audited material; they are not reconciled in this current-state audit.

✨ 7. Corporate Values and Culture Content

This table summarizes the **corporate values, culture, and workforce-related themes identified across the Dycom website**, showing where each theme appears and the context in which it is presented.

Content Theme	Page / Area	Current Context
Corporate values	About Us	Corporate identity
Six core values	Life @ Dycom	Employee culture and experience
Mission	About Us	Organizational identity
Vision	About Us	Organizational identity
Employee development	Life @ Dycom	Training, education and development
Workforce information	Companies; Benefits; Life	Organizational scale / employee context
People	Corporate/service content	Corporate positioning

This identifies where value- and culture-related information appears without repeating the individual page descriptions.

💼 8. Careers Content Matrix

This table compares the **key careers-related content and functionality across Dycom's Careers pages**, including job search, benefits, culture, workforce messaging, development, and candidate guidance.

Careers Element	Careers Home	Benefits	Life @ Dycom	Our Recruitment Process
Employment/careers messaging	✓	✓	✓	✓
Job Search	✓	✓	—	—
Talent Network	✓	✓	✓	—
Workforce messaging	✓	✓	✓	—

Detailed benefits	—	✓	—	—
Culture / employee experience	✓	—	✓	—
Training / development	—	—	✓	—
Candidate guidance	✓	—	—	✓
Fraud/security guidance	—	—	—	✓

⚖️ 9. Legal and Policy Content Matrix

This table summarizes the **legal, policy, procurement, and compliance pages reviewed on the Dycom website**, including their primary focus, content structure, dates, and use of supporting resources or links.

Page	Primary Focus	Structure	Date Observed	Resource / Link Characteristic
Privacy Policy	Privacy/data practices	Long-form structured sections	Jun 17, 2025	External/support references
Terms of Use	Website-use terms	Long-form structured sections	Feb 18, 2021	Legal/reference links where applicable
Fleet Terms of Purchase	Fleet procurement	Numbered contractual clauses	Aug 19, 2026	Primarily legal text
Inventory Terms of Purchase	Inventory procurement	Numbered contractual clauses	Aug 19, 2026	Primarily legal text
Benefit Plan Disclosures	Benefit compliance/disclosures	Explanatory sections plus resources	Not captured	Stronger external-resource component

📥 10. System / Confirmation Page Pattern

This table compares the **system-generated confirmation pages** on the Dycom website and shows the unique message presented after a user action along with the secondary content shared across those pages.

Page	Unique Transaction Message	Shared Secondary Content
Preferences Updated	Confirms communication preferences were updated	Financials & Filings; Governance; Shareholder Services
Thank You for Subscribing	Confirms subscription	Financials & Filings; Governance; Shareholder Services

The shared secondary content is recorded here once rather than repeated in later sections.

🖼️ 11. Media and Embedded Content Inventory

This table summarizes the **types of media and embedded content used across the reviewed Dycom pages**, including images, videos, embedded document viewers, and externally hosted assets.

It shows **where each media type appears and how it supports the page experience**, helping readers understand the role of media and any reliance on external platforms or hosts.

Media Type	Pages / Areas	Current Use
Images	Corporate, services, careers and other marketing pages	Supports page messaging
Video	About Us	Corporate/company storytelling
Video	Careers Home	Careers messaging
Video	Fulfillment	Service content
Video	Locating	Service content
Video	Wireline Construction	Service content

Embedded viewer	Handbook	Issuu-hosted handbook
External-host assets	Life @ Dycom	Some assets/links reference `nxcli.io`

🗄️ 12. Downloads and Resource Inventory

This table captures the **downloadable, embedded, and externally linked resources available across the audited pages**, including reports, safety documents, the employee handbook, and compliance resources.

It shows **what resources are available, how they are delivered, and any language or version information captured during the audit**, giving readers a clear view of the site's document-based content.

Page	Resource	Format / Type	Language / Version Information
Sustainability	Sustainability Report	Downloadable report/document	Version/date not captured
Hazard Recognition	Hazard Recognition and Resolution	Document	English
Hazard Recognition	Hazard Recognition and Resolution	Document	Spanish
Handbook	Employee Handbook	Embedded digital document	Version/date not captured
Benefit Plan Disclosures	Compliance/disclosure resources	External documents/resources	Varies by linked resource

---

⚙️ 13. Forms and Interactive Elements

This table summarizes the **forms and interactive elements identified across the audited Dycom pages**, including contact form fields, job-search functionality, Talent Network interactions, embedded document viewing, and system confirmation responses.

It helps readers understand **where users can interact with the site, what information or actions those interactions support, and how functional experiences differ from standard informational content**.

Page / Area	Interactive Element	Data / Functionality
Contact Us	Contact form	Name
Contact Us	Contact form	Email
Contact Us	Contact form	Phone
Contact Us	Inquiry selector	Inquiry Type
Contact Us	Contact form	Message
Contact Us	Consent	Consent/acknowledgment
Contact Us	CAPTCHA	Spam/bot protection
Careers Home	Job Search	Job-search functionality
Benefits / Careers areas	Job access	Links/access to opportunities
Careers pages	Talent Network	Candidate engagement
Handbook	Embedded viewer	Interactive Issuu document
Preferences Updated	System response	Preference confirmation
Thank You for Subscribing	System response	Subscription confirmation

---

📒 14. Content Depth and Complexity

This table classifies the reviewed Dycom pages by **relative content depth and structural complexity**, from highly detailed multi-section pages to shorter, simpler utility or resource pages.

It helps readers understand **which areas contain more complex content structures, greater amounts of information, or richer combinations of sections, media, and supporting content**.

Content Depth	Pages / Areas	Primary Complexity Characteristic
High	Safety	Numerous operational sections, lists and programs
High	Wireline Construction	Multiple detailed capabilities
High	Wireless Construction	Multiple service/capability subsections

High	Privacy Policy	Extensive formal policy sections
High	Terms of Use	Long-form legal provisions
High	Fleet Terms of Purchase	Detailed numbered contractual clauses
High	Inventory Terms of Purchase	Detailed numbered contractual clauses
Moderate	About Us	Multiple corporate-information sections
Moderate	Sustainability	Several topic pillars plus report
Moderate	Benefits	Multiple benefit categories and items
Moderate	Life @ Dycom	Multiple culture/development topics
Moderate	Engineering	Several service-related subsections
Moderate	Fulfillment	Service content plus video
Moderate	Locating	Capability content plus video
Lower	Project Management	Shorter service content
Lower	Hazard Recognition	Primarily resource links
Lower	Preferences Updated	Brief system message plus links
Lower	Thank You for Subscribing	Brief system message plus links
Lower	Subsidiaries	Very limited page-specific content

⚠️ 15. Current Content Issues and Anomalies

This table captures the **content inconsistencies, unusual page conditions, and technical/content anomalies observed across the audited Dycom pages**, such as

conflicting facts, title/content mismatches, external-domain references, and outdated or thin content.

Area / URL	Issue Type	Observation
Corporate facts	Data inconsistency	Employee count appears as both 20,000+ and 21,000+
Corporate facts	Data inconsistency	Operating-company count appears as approximately 40 and 41
`/subsidiaries/`	Page-title/content mismatch	Title appears as “Careers Fail Safe - Dycom Industries, Inc.”
`/subsidiaries/`	Thin/unclear content	Very little unique page-specific content is present
`/our-recruitment-process/`	Title/content mismatch	Body focuses mainly on recruitment fraud/security rather than recruitment stages
`/life/`	External-domain reference	Core-values link references `666fdedb1f.nxcli.io`
`/life/`	External asset reference	An image is served from another `nxcli.io` host
`/contact-us/`	Contact-information variation	Both `info@dycominc.com` and `info@dycomind.com` were exposed in retrieved content
`/handbook/`	Third-party dependency	Main content experience is provided through Issuu
`/privacy-policy/`	Legacy reference	Flash Player Help is referenced
`/terms-of-use/`	Content date	Displays a last-updated date of February 18, 2021

📐 16. Current Structural Content Patterns

This table groups the reviewed pages by their **existing structural patterns**, such as corporate landing pages, service detail pages, career content, legal pages, resource pages, and system confirmations.

Current Pattern	Examples	Typical Structure
Corporate Landing / Overview	Homepage; About Us	Introduction → corporate messaging → links/promotional sections
Corporate Topic	Safety; Sustainability	Introduction → topic sections → supporting media/resources
Service Landing	What We Do	Service overview → service links
Service Detail	Seven service pages	Service intro → capabilities/details → optional media
